Training and Exercise Opportunities

We want more PEMs in Eaton County! A perk is that we do our best to send PEMs to a conference (typically GLHSC and pending grant funds) in Michigan each year with registration and lodging covered as it's a requirement to maintain the credential.

2019-2020 MSP Emergency Management and Homeland Security Training Center Course Catalog is below. Don't forget there are FEMA Independent Study courses involved too. All in all, it's about 150 hours of course time. The below schedule is for the 2020 in class offerings.
