Plan to Return to Full Capacity – Phase One

In accordance with Administrative Order 2020-14, effective May 06, 2020, and upon approval of the State Court Administrative Office (SCAO), the chief judge of the Eaton County Trial Courts, including the 56th Circuit, 56A District and Probate Court have consulted with the local health department and determined that gating criteria is satisfied as of May 29, 2020. Specifically:

1. There have been no COVID-19 confirmed or suspected cases in the court facility within a 14-day period; and,
 2. There is a downward trajectory of positive tests as a percent of total tests within a 14-day period (flat or increasing volume of tests); and,
 3. State and local orders restricting movement and/or requiring shelter-in-place have been rescinded or limited and the SCAO has determined that existing orders would not prevent the court from implementing Phase One requirements; and,
 4. The chief judge has confirmed with health authorities (attached) that regional health care facilities are able to treat all patients without crisis care.
- A. In order to protect the health and safety of employees and the public, the Eaton County Trial Courts have enacted the following protections:
1. Employees will self-screen for COVID-19 symptoms. Employees who feel sick or have any COVID-19 symptoms will not report to work. Employees who feel sick or display symptoms at work will be sent home.¹

¹ Guidance on COVID-19 symptoms is evolving rapidly. The most up-to-date information about symptoms of COVID-19 are available on the CDC website at <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>

2. Court employees who have identified as vulnerable and unable to return to work have been offered appropriate accommodations, including the ability to work remotely if their job lends itself to remote work.
3. To the extent possible, court employees who are working remotely will be allowed the opportunity to work remotely.
4. Employees in court facilities will maintain social distancing of six feet at all times and wear masks when six-foot physical distance cannot be maintained. The court has taken the following steps to ensure proper social distancing and employee safety:
 - a. Placed physical barriers between workspaces that are not at least six feet apart.
 - b. Marked the floor in common spaces to indicate six-foot intervals.
 - c. Required employees to wear masks while in public spaces.
 - d. Implemented staggered shifts of employees to reduce crowd size and the risk of people gathering at start and close times.
5. Employees will practice good hygiene through hand washing, frequent disinfecting of used items and surfaces, sneezing or coughing into a tissue or elbow, and avoiding touching their faces.
6. Employees will not travel for non-essential business.
7. Employees have been provided information regarding COVID-19. Information provided has included guidance on good hygiene practices, updated personnel policies related to COVID-19 responses, and safety controls at the court facilities.
8. Court facilities have posted signage emphasizing proper handwashing.
9. Shared equipment will be cleaned and sanitized before each use. Examples of shared equipment include copiers, fax machines, and telephones used by more than one employee during a single shift or in consecutive shifts. This equipment should be wiped down with disinfectant or a disinfectant wipe between uses.
10. The court is following the CDC guidance on cleaning and disinfecting if the facility is exposed to COVID-19.
11. The court has developed a contact tracing policy and is prepared to implement contact tracing procedures after receiving notification that the court facility has had confirmed exposure to COVID-19. These procedures will help the court identify individuals who may have been exposed to COVID-19 and will identify exposure locations that need to be cleaned and disinfected pursuant to CDC guidelines.

B. The Eaton County Trial Courts are enacting the following measures related to public entry into court facilities:

1. The public will be asked to self-screen using posted screening questions prior to entering the court building. Screening questions will include, but are not limited to the following:

a. In the past 24 hours, have you experienced:

- Fever (felt feverish or above 100.4°F)
- New or worsening cough
- Shortness of breath (excluding chronic cough due to a chronic condition)
- Sore throat
- Vomiting or Diarrhea
- Chills
- Muscle pain
- New loss of taste or smell

b. Have you had any close contact with an individual diagnosed with COVID-19 in the last 14 days?

2. Any individual responding “yes” to the screening questions will not be allowed to enter the courthouse. Any individual unable to pass the self-screening will be provided with a telephone number to communicate with the court to ensure they have been afforded an opportunity to file documents or have their proceeding rescheduled remotely or to a future date when they can pass the screening and appear in person. The court must provide appropriate personal protective equipment (PPE) to any personnel responsible for in-person screening.

C. In order to facilitate the essential business of the courts, the courts are enacting the following measures related to court proceedings:

1. Proceedings will be conducted virtually to the maximum extent possible, consistent with Administrative Order No. 2020-6.

2. In-person court proceedings will be limited to no more than 10 people.

3. Members of the public are required to wear face masks to the extent they can medically tolerate it. They will be provided by the court prior to entry.

4. Pursuant to MCR 8.110(c), members of the public or staff who refuse to wear required face coverings or adhere to social distancing requirements may be asked to leave the court facility.

5. Any member of the public who is asked to leave the court facility must be offered an opportunity to conduct court business virtually, attend court proceedings virtually, file

documents in an alternative manner, or confer with court administration to determine alternate arrangements for accessing the court.

The Eaton County Trial Courts are regularly in consultation with local public health officials to monitor local public health conditions related to COVID-19 and are continuously evaluating data to assess their readiness to proceed to Phase Two of court capacity, which is anticipated to be June 15, 2020.
